- Durable to knocks
- Coverage: up to 12m² per litre

Quick Dry Undercoat

- Advance 100% water based technology
- Great flow and levelling
- Durable to knocks
- Coverage: up to 10m² per litre

Dulux Trade Wood & Metal Paints: Diamond Satinwood Range

The Diamond Range from Dulux Trade will help professionals make their great work last even longer.

Dulux Trade Diamond Satinwood is a tough & durable satin finish that provides excellent protection from scratches, stains and grease. It is available in over 2,000 colours. The water-based formulation is designed to be used in high traffic areas, such as kitchens, corridors, stairways and access areas, while having the added benefit of being quick drying with low odour.

Diamond Trade Diamond Satinwood has a unique latex with 'cross linking technology' that allows you to have a paint that is 100% waterborne, but can be worked more like a solventborne. This unique latex gives it a diamond tough finish with excellent application and coverage.

Dulux Trade Wood & Metal Paints: Diamond Satinwood Range

Diamond Satinwood

- Excellent durable satin finish
- Premium colour for interior wood
- 100% waterborne but can be worked like a solventborne
- Stain, human grease & finger mark resistant
- Superior application and coverage
- Our toughest finish yet
- Coverage: up to 12m² per litre

Now available in
COLOUR

The Diamond Satinwood formulation gives you excellent flow, fantastic adhesion with an excellent finish for any of your clients.

Diamond Satinwood is available in light and extra deep bases, enabling the majority of colours to be mixed.

THE BENEFITS OF WATER-BASED PAINTS

**LOWER
ODOUR**
than solvent-based

**FASTER
DRYING TIME**
compared to solvent-based

THE SURE CHOICE FOR INDOOR AIR QUALITY

INTRODUCING THE **NEW 99.9% VOC FREE***

Contact your Dulux Trade specification team in Ireland
to find out more or on info@dulux.ie

The ultra low Volatile Organic Compounds (VOCs) in the new **Dulux Trade Airsure range** minimise the impact on indoor air quality**, while maintaining professional results.

*Based on in-can VOC content, measured in accordance with ISO 11890-2:2013. ** Respectively, 'Ultra Low' as this product is 99.9% VOC Free with 'MINIMAL' VOC content (0-0.29%), as defined by the VOC Globe scheme operated by the British Coatings Federation, and minimising impact on indoor air quality as independently tested for emissions, including formaldehyde, TVOC, TSVOC and Cat 1A & 1B carcinogens. Compliant with the emissions limits criteria in BREEAM New Construction 2010, (UK and International), LEED v4 & WELL 2.0.

Dulux Trade Emulsions: Diamond Range

Emulsion paints that use Diamond Technology from Dulux Trade, make them 10 times tougher than standard Dulux Trade emulsions. Ideal for high traffic areas such as stairwells and hallways.

Diamond Matt

Diamond Matt offers unrivaled durability in a classic matt finish.

- Superior durability
- Scrub, scuff & stain resistant
- Great touch up & opacity
- Scrubbable Matt finish
- Superior coverage: up to 16m² per litre

Diamond Eggshell

Diamond Eggshell offers unrivaled durability and stain resistance which is especially useful in spaces with high moisture such as kitchens and bathrooms.

- Superior durability
- Actively repels stains
- Great touch up & opacity
- Scrubbable Eggshell finish
- Superior coverage: up to 16m² per litre

Dulux Trade Emulsions: Scuffshield

New Dulux Trade Scuffshield Matt is a tough, water-based Matt emulsion paint that contains ultimate scuff resistant technology. It is designed to protect walls against scuff marks being left behind from items such as shoes and bags, to help keep walls looking good for longer. It is also cleanable and offers good stain resistance.

Dulux Trade Scuffshield Matt is perfect for use in high traffic areas such as corridors, stairwells and hallways, and busy commercial spaces. Its unique formula withstands knocks and bumps from everyday objects, leaving your paintwork scuff-free and looking pristine for longer.

Scuffshield Matt

- Superior tough and cleanable matt finish
- Water-based
- Ultimate Scuff Resistant Technology
- Scrub and stain resistant
- Perfect for high traffic and commercial areas
- Coverage: up to 16m² per litre

Did you know? Dulux Trade Scuffshield Matt bases can be tinted into the full Dulux Trade tinted colour range, including extra deep base colours not currently available in Diamond Matt. Plus there's no performance drop-off in deep colours!

USEFUL INFORMATION

Water-based paints

Using water-based products not only reduces the impact on the environment, it offers other benefits such as low odour, quicker drying and better colour retention*. And with Dulux Trade Quick Dry Interior Range there is no compromise on the finish.

Lead in paint

All Dulux paints are free from lead. For help and advice on preparing to painting an existing lead paint surface please call the Technical Advice Centre on 021 422 0222

Tinting Best Practice

For best colour consistency, sufficient tinted paint, including touch-in, should be purchased at the beginning of each job from the same source.

Diamond Matt

Full durability develops 7 days after initial application. Recommendations for cleaning surfaces painted with Diamond Matt can be found on the product datasheet, please email info@dulux.ie or call the Technical Advice Centre on 021 422 0222 for more information.

ADVICE

Whenever you need information or advice on our products, talk to the people at **Dulux Academy** we'll be more than happy to help.
